ı	Standard equipment
	Proportional switches/levers
	Forward movement possible at maximum height
	Sound and visual alarm in case of excessive slant and overload
	Integrated charger
	Emergency manual descent
	Negative braking system
	Sound warning system inside the platform
	Hour meter
	Indication of state of charge of batteries
	Hooks for sling loading/lifting
	Integrated diagnostic aid
	Predisposition 220V
	All road wheels – Non marking
	Basket with transparent floor
	Bus CAN technology
	Tool box inside platform

Generator

Optional equipment	
Flashing lights	
Working light	
Predisposition of air	
Predisposition of water	
230V power input with differential circuit-breaker	
Special paint	
Biodegradable oil	
Central topping up of batteries	
Warning signal moving forward	
Warning signal for all movements	
Initial certificate of verification prior to entry into service	
Safety harness	
Oil for extreme low temperatures	
Battery frost protection	

This brochure describes versions and configuration options for MANITOU products which may be fitted with different equipment. The equipment described in this brochure may be standard, optional or not available depending on version. MANITOU reserves the right to change the specifications shown and described at any time and without prior warning. The manufacturer is not liable for the specifications given. For more information, contact your MANITOU dealer. Non-contractual document. Product descriptions may differ from actual products. List of specifications is not comprehensive.
